Composition:

Corn, wheat bran, beet molasses pulp, tr., sunflower extraction meal, stock, palm kernel expeller, wheat gluten feed, vinasse, rye, wheat, calcium carbonate, sodium chloride

Product properties:

mawel Schaffutter is a premium supplementary feed for sheep and goats that do not perform at a higher level. **mawel Schaffutter**

has a balanced protein-energy ratio and is ideal as a supplement during the grazing season. The animals are supplied with all important vitamins, minerals and trace elements.

Feeding advice:

Due to the higher contents of trace elements compared to complete feeds, feed only up to 50% of the daily ration.

Feeding recommendation (depending on the basic feed quality and condition of the animals):

- Depending on the condition and basic feed quality of the animals 0.25- 0.5 kg per animal per day.

Available in 25 kg bag
